E. SEQUEIRA,

for Director-General of Commercial Intelligence

R. E. ENTHOVEN,

Secretary to the Government of India

Calcutta, April 19, 1913

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

TARIFF VALUATION OF SUGAR.

The following statement shows in respect of each of the descriptions of sugar distinguished in the Tariff Schedule IV (excepting molasses and all other kinds of sugar), *firstly*, the total imports into India in the month of March, 1913, and the average value per cwt. as calculated on the returns received from the Customs Houses; and, *secondly*, a running total showing the total imports into India since the beginning of the year (1st October to 30th September), and the average net value per cwt. so far established. It is published in conformity with the procedure laid down in Customs Circular No. V of 1911 in order to enable merchants to compute the probable rate of duty for the year 1914:—

Description of sugar.	IMPORTED DURING THE MONTH OF MARCH, 1913.		IMPORTED SINCE 1st OCTOBER, 1912.

† For the week ending 18th April 1913.

L. C. PORTER,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 24th April 1913, based on the Indian Daily Weather Reports of the period.

1. Unsettled conditions favouring local thunderstorms prevailed during the week over a large part of the country. Precipitation occurred chiefly in Assam, the western Himalayas and the south of the Peninsula.

2. *Burma*.—Victoria Point and Myitkyina had light showers.

Northeast India, including Orissa.—Rainfall was of daily occurrence in Assam where it was nearly general on the 18th and 23rd. Light showers also occurred at Narayanganj, Balasore and Cuttack.

The United Provinces, Central India and the Central Provinces.—The only rainfall reported was at Chanda and Jagdalpur.

Northwest India.—Precipitation occurred every day in Kashmir and was nearly general on the 18th, 21st and 22nd. Rain was also recorded at Peshawar, Parachinar, Drosh, Murree, Simla and Lyallpur.

The Peninsula.—Thunderstorms occurred in the Deccan, Mysore and south Madras, and on the 18th and 20th were fairly numerous in the south of the Peninsula.

3. The chief daily amounts of precipitation were as follows:—

April 17th. Narayanganj 1·05".

„ 18th. Sibsagar 1·17", Silchar 1·08", Sonamarg 1·09" and Salem 1·07".

„ 19th. Cherrapunji 3·90", Sibsagar 2·11" and Silchar 1·48".

„ 20th. Silchar 1·12", Bellary 0·78", Trivandrum 2·30" and Kodaikanal 0·99".

„ 21st. Sonamarg 1·23", Dras 1·15" and Nizamabad 1·03".

„ 22nd. Sibsagar 1·03", Cherrapunji 4·95", Sonamarg 3·23", Dras 1·07", Skardu 1·44" and Bijapur 0·81".

„ 23rd. Dibrugarh 1·73", Sibsagar 1·07", Gauhati 1·29", Silchar 1·71" and Cherrapunji 6·20".

4. The rainfall of the week was 20 per cent or more in excess in Assam, Kashmir, the North-West Frontier Province, the Bombay Deccan and Hyderabad North, and was normal in the Madras Deccan. In the rest of the country it was 20 per cent or more in defect, except in the following divisions where no rain usually falls at this time of year: Sind, Rajputana West, Gujarat and Central India.

The seasonal rainfall up to date is 20 per cent or more in excess in Assam, Chota Nagpur, the United Provinces West and the Central Provinces East. It is within 20 per cent of the normal in Bengal, Orissa, Bihar, the United Provinces East, the Punjab Southwest, Kashmir, Baluchistan, Sind and Central India East, and is 20 per cent or more in defect elsewhere.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
19th April 1913.

Burma.—Mergui reports 1·20 inches of rain. Agricultural operations for summer rice and harvesting of spring crops are progressing. Standing crops are healthy. The price of unhusked rice has risen slightly at Rangoon.

Assam.—The weather was stormy in parts of Sylhet, Cachar and Manipur. Rain fell during the week in all districts except in Goalpara and the Garo Hills where it is wanted. Ploughing operations have been generally facilitated but sowing of early rice and jute has been retarded by continuous rain in parts of Darrang and in Lakhimpur. Ploughing for and sowing of early and late rice and jute and plucking of tea are in progress. Pressing of sugarcane is nearing completion and planting continues. Spring rice is being reaped in Sylhet. The crop has been damaged slightly by the recent rain in low-lying tracts in Sunamganj but prospects are on the whole good. Some damage from hail is reported from tea gardens in Kadirganj. The average price of common rice is unchanged. Cattle disease is reported from six districts.

Bengal.—During the week slight rain fell in ten districts. Rain is badly wanted throughout the Province. Prospects of standing crops are generally good. Preparation of fields for autumn paddy and jute is still proceeding. Harvesting of spring crops and pressing of sugarcane have been completed. The average price of common rice for the Province has risen by about $\frac{1}{2}$ per cent. Scarcity of fodder is reported from the Chandpur sub-division of Tippera. Cattle disease is reported from parts of Nadia, Murshidabad, Khulna, Rajshahi, Malda, Dacca and Mymensingh.

Bihar and Orissa.—Light showers fell during the week in Orissa and Singhbhum. There was no rain in the rest of the Province and the weather was generally hot. Harvesting of spring crops is almost finished. Planting of sugarcane still continues. Preparation of lands for the next season's crops is in progress. The condition of standing crops is good. The price of common rice is slowly rising. The condition of cattle is on the whole good. The supply of fodder and water is sufficient throughout the Province. Agricultural prospects in the Feudatory States of Orissa are on the whole good.

United Provinces.—With the exception of showers in the hills and Bijnor the week was rainless. Sowing of early rice and sugarcane has commenced. Threshing, reaping and winnowing of spring crops are in progress while harvesting is drawing to a close. Sowing and irrigation of sugarcane and of extra crops and opium weighments continue. Standing crops are reported to be in good condition and prospects are favourable. Fodder and water are sufficient everywhere. In Mirzapur the number of persons on test works has fallen to 434 and those on canal and water works to 4,913. People are busy in precarious tracts with picking of *mahua*. In the Benares State the numbers on relief works have risen to 2,300, while those in receipt of gratuitous relief still remain at 899. Cattle disease still persists in Bundelkhand but is slight and sporadic elsewhere. Prices are fluctuating with a slight downward tendency.

Punjab.—The weather was generally dry. The condition of irrigated spring crops is average to good and that of unirrigated crops fair. Spring crops are being harvested. The outturn of irrigated crops is average to good and that of unirrigated crops below average. Sowings of extra spring crops and of sugarcane and cotton are proceeding. Cattle are generally healthy. Fodder is insufficient in places. Prices remain high.

North-West Frontier Province.—Slight rain fell in Hazara, Peshawar and Dera Ismail Khan. The weather is temperate and at times cloudy. Standing crops are generally good on irrigated areas and average on unirrigated areas. Sowings of sugar-cane, cotton, rice and extra spring crops are proceeding. Harvesting of barley, spring oilseeds and gram is in progress in some places in Peshawar and Bannu and the outturn is expected to be normal. Cattle are healthy. The fodder and water supply are generally sufficient. Prices are high and have a tendency to rise in Bannu.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 10 to 16 and maize from 12 to 19 seers per rupee. The condition of standing crops is fair. Fodder is insufficient in some tahsils.

Kashmir.—It rained three times during the week. Hailstorms are reported but they have caused no damage to crops which are in good condition. Prospects of fruits are much above the average. Operations for autumn crops are in progress. Sowing of rice has commenced.

Rajputana.—The weather is hot. Harvesting and threshing operations are in progress in Bharatpur. Extra crops are being irrigated. Standing crops are in good condition. Prospects are generally fair. Cattle are in good condition. Fodder and water are sufficient. Prices are generally high but stationary. Sowing of the Bharatpur *baisakhi* (April-May) cotton continues in irrigated tracts.

Central India.—The weather is hot and occasionally cloudy. Harvesting of spring crops continues with outturn generally excellent. Land is under preparation for autumn sowings. Cattle disease prevails in parts of Gwalior, Bhopal, Baghelkhand, Bundelkhand and Malwa. The fodder supply is sufficient. Prices are falling.

Central Provinces.—The weather has been hot and occasionally cloudy. Reaping of spring crops has practically been completed and threshing and winnowing are well advanced. Preparation of land for autumn sowings and construction of field embankments in rice districts are in progress. The supply of fodder is adequate except in Saugor, Narsinghpur, Wardha, Nagpur, Chhindwara, Amraoti, Akola and Buldana where it is getting dear or scarce. Water is generally sufficient and cattle are in good condition. There has been little or no variation in prices.

Feudatory States.—Harvesting, threshing and winnowing were in progress. Prices remained stationary.

Bombay.—Slight rain fell during the week in parts of Kanara, Ahmednagar, Poona, Satara, the Karnatak and Kolhapur. Standing spring crops are generally in good condition. Harvesting continues generally. Cotton picking is progressing in parts of Gujara-
rat, the Karnatak, Baroda, Cutch, Rewa Kantha and Kolhapur. Preparation of lands for autumn cultivation generally continues. The fodder supply is deficient in parts of Hyderabad and Ahmednagar. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. Agricultural stock is deteriorating in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar, Sholapur and Bijapur. Water for irrigation is deficient in parts of the Deccan and Bijapur. Prices are high but are fairly steady. The public health is generally good. Grain stocks are sufficient.

*The weekly report on the famine and scarcity is as follows:—*Distress is deepening in Ahmednagar and is acute in six talukas. There is little wandering and no emaciation. Six kitchens and twelve poor-houses continue to give relief. People on relief are generally in fair condition. The public health is generally good. Land revenue suspensions have been granted and *takavi* is being advanced freely for fodder and wells. Government grass continues to find a ready sale. The water-supply is failing everywhere. Measures for its improvement from Government and Local Board grants continue but the improvement effected has sometimes been small or temporary. Charitable funds are being utilised for the relief of weavers, and for eight cattle kitchens. The numbers on gratuitous relief for the week ending 19th April were:—Ahmednagar 15,399. Poona and Sholapur 847. Total 16,246.

Hyderabad.—Slight showers fell in isolated parts. The talukas of Usmanabad and Parendah received 2·27 inches and 82 cents respectively. The average rainfall was 6 cents. Late rice is being irrigated and harvesting of crops has commenced. Crops are generally fair but good in places. Measures to afford relief in the affected talukas of the Aurangabad and Bir districts continue. The total number of labourers on works during the week ending 12th April was 55,670. Fodder scarcity prevails in 24 talukas, water scarcity in 33 and cattle disease in 6. Prices:—wheat 6½, coarse rice 5½ and *juar* 10½ seers per rupee. White *juar* sells at 12 seers per rupee in Hyderabad City. The highest price in districts is 7 seers in Karimnagar and the lowest 18 seers in Adilabad.

Mysore.—Slight rain fell during the week in some parts of the State. Prices of food grains are generally steady and markets are well supplied. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—The rainfall during the week was general. Prices of food grains are high. Water and fodder for cattle are sufficient. The public health is fair.

Madras.—The rainfall was good in Pudukkottai, Ramnad and Cochin, *nil* in Ganjam, Kistna, Guntur, Kurnool, Sandur, Madras and South Canara and light to fair elsewhere. Standing crops are fair to good. Harvesting of dry crops and sugarcane is proceeding and that of paddy is nearing completion in parts. The outturn is fair to normal. Sowings of dry crops, paddy and sugarcane are proceeding normally in parts. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are stationary.

Nepal.—*Report for the quarter ending 15th April 1913:*—The rainfall for the period was 2·53 inches against 2·96 inches for the corresponding period of last year.

January and February 1913.—The second crop of potatoes and winter vegetables was sown.

March 1913.—In the Terai the spring crop (wheat, barley, gram and oilseeds) was harvested and the outturn was good. Sowing of the *makai* (Indian corn) crop was commenced in the hills.

April 1913.—The wheat crop in the hills is in good condition. The barley crop will shortly be ready for harvest. Peas (small) are being gathered. Fields are being prepared for the sowing of *makai* and early rice in the valley. Red pepper is being sown. The prices of food grains are normal and the market is well stocked. Rain is wanted for the *makai* crop. The health of live stock is reported to be good.

SUPPLEMENT TO
The Gazette of India.

No. 18. } SIMLA, SATURDAY, MAY 3, 1913.

OFFICIAL PAPERS

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 1st May, 1913, based on the Indian Daily Weather Reports of the period.

1. Precipitation of a more or less local character occurred in the Kashmir hills, Assam, Tenasserim and the Peninsula. Weather was disturbed in the Arabian Sea, but the disturbance had no effect upon the rainfall in India, beyond causing a northward extension of light showers in the western districts of the Peninsula.

2. *Burma.*—A few falls of rain occurred in Tenasserim.

Northeast India, including Orissa.—Rain fell daily in Assam, chiefly in the upper Brahmaputra valley.

The United Provinces, Central India and the Central Provinces.—Jagdalpur had a light fall of rain.

Northwest India.—Precipitation occurred in Kashmir and the adjoining districts of the North-West Frontier Province and of the Punjab.

The Peninsula.—Showers of rain were reported from south Hyderabad, the Bombay Deccan, Malabar and the hill stations of south India.

3. The most important daily amounts of precipitation were as follows:—

April 24th. Tezpur 1·25".

„ 25th. Dibrugarh 7·76", Sibsagar 1·14", Tezpur 1·01" and Cherrapunji 2·50".

„ 26th. Cherrapunji 5·15", Dibrugarh 2·49", Srinagar 1·20", Dras 0·95", Sonamarg 2·84" and Doshi 0·90".

„ 27th. Mergui 1·08" and Sibsagar 1·81".

4. The week's rainfall was 20 per cent or more in excess in Assam, Kashmir and the Bombay Deccan, and was within 20 per cent of the normal in the North-West Frontier Province and the Punjab Southwest. No rain usually falls at this time of year in Sind, Gujarat and Central India; but in the rest of the country rainfall was 20 per cent or more in defect. The deficiency was largest in the Bay Islands, Lower Burma and Bengal, where it exceeded an inch.

The seasonal rainfall up to date is 20 per cent or more in excess in Assam, Chota Nagpur and the Central Provinces East; and is within 20 per cent of the normal in Bengal, Orissa, Bihar, the United Provinces, Kashmir, the Punjab Southwest, Baluchistan, Sind and Central India East. Elsewhere it is 20 per cent or more in defect, the deficiency amounting to 10 inches in the Bay Islands, 5½ inches in Madras Southeast, and 3½ inches on the Madras Coast North.

G. C. SIMPSON,
for Director-General of Observatories.J. H. KERR,
Offg. Secretary to the Government of India.

SIMLA;

Dated 1st May 1913.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
26th April 1913.

Burma.—Light rain fell in the north. Harvesting of spring crops is almost completed and the outturn is good. Cattle are healthy. The price of unhusked rice is above normal and is rising.

Assam.—Moderate to heavy rain fell during the week in the plains districts, retarding the sowing of early jute in many places, while in the hills rain is wanted generally. Sowing of early and late rice and jute, plucking of tea and planting of sugarcane continue. Pressing of sugarcane is nearly finished. Reaping of spring rice continues in Sylhet where some damage has been caused by the recent rains. The average price of common rice has risen slightly. Cattle disease is reported from eight districts.

Bengal.—During the week slight rain fell in some parts of the Province but most places are now beginning to cry out for want of rain. Preparation of lands for autumn crops as well as sowings are being retarded for this reason and rain is anxiously awaited. The weather continued hot and sultry, accompanied in many places by high winds. The average price of common rice rose by about one per cent during the week. Scarcity of fodder is reported from some parts of Tippera and cattle disease from parts of Murshidabad, Khulna, Burdwan, Birbhum, Bankura, Rangpur, Malda, Mymensingh and Noakhali.

Bihar and Orissa.—There was no rain during the week with the exception of light showers in parts of Orissa. Harvesting of spring crops is finished. Threshing of spring crops and planting of sugarcane continue. Preparation of lands for the next season's crops is in progress. The condition of standing crops is good. The average price of common rice is almost stationary as compared with that of the previous week. The condition of cattle is on the whole good. The supply of fodder and water is sufficient throughout the Province. Agricultural prospects in the Feudatory States of Orissa are on the whole good.

United Provinces.—Slight showers fell in the hills only. More rain is needed at Chakrata. Threshing and winnowing of spring crops are in progress. Sowing and irrigation of sugarcane and of extra crops continue. The outturn of spring crops is good. Extra crops are in excellent condition. In Mirzapur the number of persons on test works has risen to 553 and that on canal and water works to 6,446. In precarious tracts the picking of *mahua* continues. In the Benares State the numbers on relief works rose to 3,289, whilst 899 persons continued to receive gratuitous relief. Cattle disease persists in Oudh and Bundelkhand. Prices are falling slightly.

Punjab.—The weather was generally dry. The condition of irrigated spring crops is average to good and that of unirrigated crops fair. Spring crops are being harvested. The outturn of irrigated crops is average to good and that of unirrigated crops below average. Sowings of extra spring crops and of sugarcane, cotton and fodder crops are normal. Cattle are generally healthy. Fodder is insufficient in places. Prices remain high.

North-West Frontier Province.—Except for slight rain in Hazara and Peshawar the week was rainless. The weather is temperate and cloudy. The condition of standing crops is generally good on irrigated areas and average on unirrigated areas. Sowings of extra spring and autumn crops are in progress. Harvesting of spring crops

is proceeding in Peshawar and Bannu and the outturn is expected to be normal. The condition of cattle is good. The fodder and water supply is generally sufficient. Prices are high and are rising in Bannu.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 10 to 16 and maize from 12 to 19 seers per rupee. The condition of standing crops is fair. Fodder is insufficient in some tahsils.

Kashmir.—It rained four times during the week. Hailstorms are reported but they have caused no damage to crops, which are in good condition. Ploughing operations are in progress. Sowing of rice has been delayed somewhat owing to the rains.

Rajputana.—The weather was hot. Slight showers fell during the week in Bikaner and Bharatpur. Harvesting and threshing operations are in progress. Land is being prepared for sugarcane sowing in Karauli. Standing crops are in good condition. Prospects are fair. Cattle are in good condition. Fodder and water are sufficient. Prices are generally high but stationary. Extra crops are being irrigated in Bharatpur.

Central India.—The weather is cloudy and abnormally hot. Harvesting of spring crops has been completed in Indore and Bundelkhand. The outturn is generally excellent. Ploughings for autumn crops are in progress. Cattle disease prevails in parts of Indore, Bhopal, Baghelkhand, Bundelkhand, Malwa and Bhopawar. The fodder supply is sufficient. Prices are falling.

Central Provinces.—The weather continues to be hot and occasionally cloudy. Four districts had light showers of rain during the week. Threshing and winnowing of spring crops and preparation of land for the ensuing season's crops are generally in progress. Fodder and water are sufficient but fodder is getting dear or scarce in Saugor, Chhindwara, Wardha, Nagpur, Akola, Amraoti and Buldana. Agricultural stock is in good condition. In Bhandara the price of gram and *juar* fell by 3 and 2½ seers per rupee respectively. Elsewhere prices remained stationary or fluctuated slightly.

Feudatory States.—Threshing and winnowing of spring crops continue. Fields are being prepared for sowing of autumn crops. Prices are steady.

Bombay.—Slight rain fell during the week in parts of Kanara, Sholapur, Satara, the Karnatak and Kolhapur. Standing spring crops are generally in good condition. Harvesting continues generally. Threshing is in progress in some districts. Cotton picking continues in parts of Gujarat, the Karnatak, Baroda, Cutch and Rewa Kantha. Preparation of lands for autumn cultivation generally continues. The fodder supply is deficient in parts of Hyderabad and Ahmednagar. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. Agricultural stock is poor in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar, Sholapur and Bijapur. Water for irrigation is deficient in parts of the Deccan and Bijapur. Prices are high but are fairly steady. The public health is generally good. Grain stocks are sufficient.

*The weekly report on the famine and scarcity is as follows :—*Distress is deepening in Ahmednagar and is acute in six talukas. There is little wandering and no emaciation. Five kitchens and fifteen poor-houses continue to give relief. People on relief are generally in fair condition. The public health is generally good. Land revenue suspensions have been granted and *takavi* is being advanced freely for fodder and wells. Government grass continues to find a ready sale. The water supply is failing everywhere. Measures for improvement from Government and Local Board grants continue, but the improvement effected has sometimes been small or temporary. Charitable funds are being utilised for the relief of weavers and for eight cattle kitchens. The numbers on gratuitous relief for week ending 25th April were :—Ahmednagar 15,472, Poona and Sholapur 826. Total 16,298.

Hyderabad.—Rain fell throughout the Dominions except the Aurangabad District. It was slight and confined to isolated parts. The average fall was 22 cents. Late rice is being harvested and the crop is fair. Measures to afford relief in the affected talukas of the Bir and Aurangabad districts continue. The total number of labourers employed during the week ending the 19th April was 56,008. Fodder scarcity prevails in 26 talukas, water scarcity in 36 and cattle disease in 8. Prices:—wheat 6½, coarse rice 5½ and *juar* 10¾ seers per rupee. White *juar* is selling at 12 seers in Hyderabad City. The highest price in district is 7 seers in Karimnagar and the lowest 17 seers in Adilabad.

Mysore.—The rainfall was good in Kadur and very slight elsewhere. Prices of food grains are generally steady. Markets are well supplied. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—The rainfall was almost general. Prices of food grains continue to be high. Water and fodder for cattle are sufficient. The public health is fair.

Madras.—The rainfall was good in Travancore, *nil* in Godavari, Kistna, Guntur, Anantapur, Cuddapah and Central Carnatic and light to fair elsewhere. Standing crops are fair to good. Harvesting of dry crops, sugarcane and paddy is proceeding or nearing completion. The outturn is fair to normal. Sowings of dry crops, paddy and sugarcane are proceeding normally in parts. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are stationary.

Printed and Published for the GOVERNMENT OF INDIA, *at the* GOVERNMENT CENTRAL PRINTING OFFICE, Simla.

SUPPLEMENT TO
The Gazette of India.

No. 19.} DELHI, SATURDAY, MAY 10, 1913.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

N.B.—Provinces named in the first and last columns include their chief port or ports. "Madras ports" includes the ports of Madras, French Ports (Cherry with its suburb Villianur and Karikal, exclusive of sea imports from Non-British Ports and Foreign countries), Negapatam, Tuticorin, Cocanada, Vizagapatam, Cuddalore, Cochin, Tellicherry, Cannanore, Masulipatam, Mangalore, Quilon, Porto Novo, and Badagara.

Figures previous to 1st April 1912 in this statement against "Bengal" include those relating to "Bihar and Orissa" but exclude those for Eastern districts (viz., Bakarganj, Faridpur, Dinajpur, Rajshahi, Rangpur, Bogra, Pabna, Jalpaiguri, Malda, Dacca, Mymensingh, Tippera including Chittagong including Port and town, Noakhali and Chittagong Hill Tracts); these latter are included in the figures shown against "Assam."

(a) For the week ending 2nd May 1913.

L. C. PORTER,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 8th May, 1913, based on the Indian Daily Weather Reports of the period.

1. During the first three days of the week rainfall in northern India was restricted to Assam, but on the 4th it extended into Bengal and continued there almost daily up to the end of the week. Weather was slightly unsettled in the Andaman Sea, apparently owing to an advance of humid winds from the south, and rainfall increased in Burma from the 3rd, chiefly in the coast districts. A heat depression over the southwest Punjab gave duststorms and thunderstorms in northwest India, but the resulting precipitation was insignificant in amount and was practically confined to the hills. On the 7th duststorms gave some rain in the United Provinces. Rainfall was of almost daily occurrence in the southern half of the Peninsula.

2. *Burma*.—Rainfall occurred in the coast districts and in central Burma.

Northeast India, including Orissa.—Fairly general rain fell in Assam on the first four days of the week, in north and east Bengal on the 4th, and in east Bengal on the 5th. Local showers also were reported from southwest Bengal and Orissa.

The United Provinces, Central India and the Central Provinces.—Light rain fell at Gorakhpur, Allahabad, Lucknow, Bahraich, Bareilly and Chakrata.

Northwest India.—Ambala, Lyallpur and a few places in Kashmir reported light showers.

The Peninsula.—Rainfall was nearly general in Malabar on the 2nd, and in Malabar, Mysore and the Madras Deccan on the 4th. A few falls occurred in other parts of Madras and in the east of Hyderabad.

3. The chief daily amounts of rain were as follows :—

- May 1st. Dibrugarh 1·48", Silchar 1·58" and Cherrapunji 4·25".
- „ 2nd. Dibrugarh 3·40", Sibsagar 0·90", Silchar 2·38", Cherrapunji 2·15" and Mangalore 1·61".
- „ 3rd. Tavoy 1·46", Gauhati 1·59", Cherrapunji 5·03" and Hanamkonda 0·93".
- „ 4th. Mandalay 0·73", Yamethin 0·49", Dhubri 1·91", Gauhati 1·22", Mymensingh 1·33", Kurnool 0·48", Salem 0·85" and Calicut 3·33".
- „ 5th. Rangoon 4·57", Barisal 1·18" and Jessore 1·54".
- „ 6th. Tavoy 1·50", Toungoo 1·40", Mysore 0·98" and Mercara 1·04".
- „ 7th. Moulmein 3·20", Yamethin 0·54", Saugor Island 0·92" and Gorakhpur 0·50".

4. The rainfall of the week was 20 per cent or more in excess in the United Provinces East, Hyderabad South, the Madras Deccan and Malabar, and was within 20 per cent of the normal in Lower Burma and Assam. No rain usually falls at this time of year in the Punjab Southwest, Sind, Rajputana, Gujarat, Central India, Berar and the Konkan, but in all the remaining divisions rainfall was 20 per cent or more in defect.

As a new rainfall period begins with this week the departures from normal of the seasonal rainfall are the same as those of the week.

Offg. Secretary to the Government of India

SIMLA;
Dated 8th May 1913.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
3rd May 1913.

Burma.—The week was generally rainless and very hot. Cultivation of summer rice and harvesting of spring crops are progressing normally. Farm stock is in good condition. The price of unhusked rice is slightly above normal and is rising.

Assam.—Moderate to heavy rain fell in the plains districts and interfered with cultivation in most of the Assam Valley districts. Rain is badly needed in the hill districts. Sowing of early and late rice and of jute, plucking of tea and planting of sugarcane continue. Pressing of sugarcane still continues in Sibsagar. Reaping of spring rice continues in Sylhet and prospects are good. The average price of common rice is stationary. Cattle disease is reported from seven districts.

Bengal.—The weather continued hot and sultry up to the end of the week when a welcome thunder-storm occurred accompanied by a marked fall in temperature. Sowing of autumn crops has so far been retarded for want of rain but prospects ought now to improve. The price of rice shows a slight tendency to rise. Scarcity of fodder and water is reported from some parts of Tippera and Noakhali. Scarcity of water is also reported in parts of Jessore, Midnapore and Chittagong. Cattle disease is reported from parts of Murshidabad, Khulna, Malda, Tippera and Noakhali.

Bihar and Orissa.—There was no rain during the week except a few showers in parts of Puri and Balasore. Threshing of spring crops and planting of sugarcane still continue in some districts. Preparation of lands for the next season's crop is going on. Standing crops are doing well generally but rain is wanted in some districts. The average price of common rice is stationary in Bihar but has risen slightly in Orissa and Chota Nagpur. The supply of fodder and water is generally sufficient. The condition of cattle is on the whole good. Agricultural prospects in the Feudatory States of Orissa are on the whole good.

United Provinces.—With the exception of slight showers in Bijnor, Meerut, Aligarh and Muttra, the week was rainless. Rain is wanted in Chakrata and the Tehri State. Harvesting and hoeing of spring crops, irrigation and weeding of extra crops and sowing of autumn crops and sugarcane continue. Hoeing and irrigation of sugarcane are in progress. Reaping, threshing and winnowing of spring crops have almost been completed. Standing and extra crops are in good condition. In Mirzapur the number of persons on test works has fallen to 298 while that on canal and water works has risen to 7,905. In the Benares State the numbers on relief works have fallen to 2,531 and those in receipt of gratuitous relief to 314. Cattle disease still persists in Bundelkhand and parts of Oudh. Fodder and water are sufficient everywhere. Prices are fluctuating.

Punjab.—The weather was generally dry. The condition of irrigated spring crops is average to good and of unirrigated crops fair. Spring crops are being harvested. The outturn of irrigated crops is average to good and of unirrigated crops below average. Sowings of extra spring crops and of sugarcane, cotton and fodder (autumn) crops are normal. Cattle are generally healthy but fodder is insufficient in places. Prices remain high.

North-West Frontier Province.—Slight rain fell during the week in Hazara, Peshawar and Bannu. The weather is hot and at times cloudy. Standing crops are generally good on irrigated land, but average on unirrigated areas. Sowings of extra

spring and autumn crops and harvesting of spring crops are in progress. The outturn is expected to be normal. Cattle are in good condition. Fodder and water are sufficient. Prices are high but are falling slightly in Dera Ismail Khan.

Jammu.—Prices are fluctuating. Wheat sells from 10 to 16 and maize from 12 to 19 seers per rupee. The condition of standing crops is fair. Fodder is insufficient in some tahsils.

Kashmir.—It rained on two occasions during the week. The completion of autumn sowings has been delayed in some parts on account of rain. Standing crops are generally in fair condition.

Rajputana.—The weather continues hot. Slight showers fell in Bikaner and Bharatpur. Harvesting and threshing operations are in progress. Standing crops are in good condition and prospects are good. Cattle are in good condition. Fodder and water are sufficient. Prices are generally high but falling.

Central India.—The weather is abnormally hot. Harvesting of spring crops has been completed in Bundelkhand and Malwa. Land is being prepared for autumn crops in Indore and Bhopawar. The outturn of crops is generally good. Cattle disease prevails in parts of Gwalior, Bhopal, Baghelkhand, Bundelkhand, Malwa and Bhopawar. The fodder supply is sufficient. Prices show a downward tendency.

Central Provinces.—The weather has been hot. Threshing and winnowing of spring crops are well advanced. Preparation of land for autumn sowings continues. The supply of water is generally sufficient but fodder is dear or scarce in seven districts. Cattle are in good condition. The price of gram rose by $2\frac{1}{2}$ seers per rupee in Bhandara. Variations were unimportant elsewhere.

Feudatory States.—Land is still under preparation for the ensuing season's crops. Rice became dearer by 2 seers per rupee in Sarangarh.

Bombay.—Slight rain fell during the week in parts of the Konkan, the Deccan, the Karnatak and Kolhapur. Standing spring crops are generally in good condition. Harvesting has almost been completed. Threshing continues in places. Cotton picking is nearing completion. Preparations for autumn crops are going on briskly. The fodder supply is generally sufficient except in Hyderabad and Ahmednagar. Agricultural stock is generally in good condition except in Ahmednagar where it is poor. Agricultural stock is deficient in Ahmednagar and Cutch. The drinking water-supply is adequate except in parts of Ahmednagar, Sholapur and Bijapur. Water for irrigation is deficient in parts of the Deccan and Bijapur. Prices are high but steady. The public health is generally good. Grain stocks are sufficient.

*The weekly report on the famine and scarcity is as follows:—*Distress is deepening in Ahmednagar and is acute in six talukas. There is little wandering and no emaciation. Six kitchens and fifteen poor-houses continue to give relief. People on relief are generally in fair condition. The public health is generally good. Land revenue suspensions have been granted and *takavi* is being advanced freely for fodder and wells. The water-supply is failing everywhere. Measures for its improvement from Government and Local Board grants continue, but the improvement effected is sometimes small or temporary. Charitable funds are being utilised for the relief of weavers and for eight cattle kitchens. The numbers on gratuitous relief for the week ending the 3rd May were:—Ahmednagar 15,123. Poona and Sholapur 828. Total 15,951.

Hyderabad.—Slight showers fell throughout the Dominions except the Mahbubnagar, Nalgonda and Aurangabad districts. The average fall was 9 cents. Late rice is being harvested. The crop is generally fair to good. Measures to alleviate distress in the affected talukas of the Aurangabad and Bir districts continue. The total number of labourers employed during the week ending the 26th April was 56,488. Fodder scarcity prevails in 28 talukas, water scarcity in 42 and cattle disease in 6. Prices:—wheat $6\frac{1}{2}$, coarse rice $5\frac{1}{2}$ and *juar* $10\frac{3}{4}$ seers per rupee. White *juar* is selling at 12 seers per rupee in Hyderabad City. The highest price in districts is 7 seers in Karimnagar and the lowest 17 seers in Adilabad.

Mysore.—Slight rain fell in parts of the State. Prices of food grains are generally steady and markets are well supplied. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—The rainfall during the week was 1 inch 12 cents. Prices of food grains are stationary. Water and fodder for cattle are sufficient. The public health is fair.

Madras.—The rainfall was good in Travancore, light to fair on the west coast and the Nilgiris and in parts of the Circars, the Deccan and the south of the Province and *nil* elsewhere. Standing crops are fair to good. Harvesting of dry crops, sugarcane and paddy is proceeding or nearing completion with outturn fair to normal. Sowing of dry crops, paddy and sugarcane is proceeding normally in parts. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are stationary.

SUPPLEMENT TO
The Gazette of India.

No. 20. }

SIMLA, SATURDAY, MAY 17, 1913.

OFFICIAL PAPERS

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 15th May, 1913, based on the Indian Daily Weather Reports of the period.

1. Rainfall, due in most cases to thunderstorms, occurred in the Punjab, the United Provinces, Bihar and Orissa, Bengal and Burma; but comparatively little rain fell in Assam and the Peninsula. A few showers were reported from Rajputana.

2. *Burma.*—Nearly general rainfall was of daily occurrence in Tenasserim, and rain more or less local in character fell in other parts of the province.

Northeast India, including Orissa.—Rainfall was nearly general in Orissa and Chota Nagpur on the 8th and 9th, and in Assam on the 14th; and fairly general in Bengal on the 11th, 13th and 14th, and in Bihar on the 14th. On the remaining days rainfall in northeast India was only local.

The United Provinces, Central India and the Central Provinces.—Some rain occurred every day in the United Provinces during the last five days of the week, and rainfall was nearly general in the western districts on the 13th. Nagpur had a light shower on the 14th.

Northwest India.—A few scattered falls of rain were reported from the Punjab, and light rain also occurred at Ajmer, Jodhpur, Srinagar and Parachinar.

The Peninsula.—Rain fell at a few places in south Madras and at Bangalore and Gopalpur.

3. The chief daily amounts of rain were as follows :—

- May 8th. Victoria Point 1·72", False Point 1·45", Balasore 0·81", and Darbhanga 0·72".
- " 9th. Victoria Point 1·22", Mergui 1·04", Tavoy 1·05" and Moulmein 2·30".
- " 10th. Moulmein 1·06", Bassein 1·15", Diamond Island 1·01", Jalpaiguri 2·32", Calcutta 1·46" and Jodhpur 0·32".
- " 11th. Barisal 1·83", Calcutta 3·25", Burdwan 1·70", Berhampore 1·10" and Ajmer 0·72".
- " 12th. Mergui 1·81", Moulmein 1·15", Tezpur 1·50", Shillong 1·42" and Darjiling 2·42".
- " 13th. Moulmein 1·03", Minbu 1·10", Chittagong 1·92", Jessore 0·98", Bogra 1·26", Darbhanga 0·71", Naya Dumka 1·08", Agra 0·78", Meerut 0·75" and Simla 1·13".
- " 14th. Victoria Point 1·20", Sibsagar 1·07", Dhubri 1·21", Shillong 1·53", Burdwan 1·36", Darbhanga 1·04", Tinnevely 1·41" and Trichinopoly 2·50".

4. The week's rainfall was 20 per cent or more in excess in Bengal, Bihar and Orissa, the United Provinces West and Rajputana. It was within 20 per cent of the normal in Lower Burma, the United Provinces East, Central India East, the Central Provinces West and Madras Southeast; and was 20 per cent or more in defect in the rest of the country, excluding the divisions of Sind, Gujarat, Central India West, Berar, the Konkan and Hyderabad North, where no rain usually falls at this time of year.

The seasonal rainfall up to date is 20 per cent or more in excess in Orissa, the United Provinces and Rajputana, and differs from the normal by less than 20 per cent in Lower Burma, Bengal, Bihar, Central India East, Malabar and the Madras Deccan. The absence of rainfall is a normal feature at this time of year in Sind, Gujarat, Central India West, Berar and the Konkan; but in all the remaining divisions rainfall is 20 per cent or more in defect.

G. C. SIMPSON,

for Director-General of Observatories.

J. H. KERR,

Offg. Secretary to the Government of India.

SIMLA;

Dated 15th May 1913.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,
10th May 1913.

Burma.—The rainfall during the week was fairly general. Harvesting of spring crops is proceeding. Sowings of summer crops are commencing. Standing crops are in good condition. Cattle are generally healthy. The price of unhusked rice is above normal and is practically stationary.

Assam.—Light to moderate rain fell in almost all districts except Nowgong. More rain is needed everywhere except in the east of the Brahmaputra Valley. Sowing of early and late rice and jute, plucking of tea and planting of sugarcane continue. Pressing of sugarcane has been finished. Spring rice is still being harvested in Sylhet and prospects are good. The average price of common rice fell by one per cent. Cattle disease is reported from eight districts.

Bengal.—During the week thunderstorms occurred throughout the Province accompanied by rain. The rain has done immense good to standing crops and has greatly facilitated the sowing of jute and autumn paddy which is now approaching completion. More rain is however wanted. The average price of rice shows a slight tendency to rise which is probably due to the recent rains. At Tangail, however, the price still stands at 6½ seers per rupee. Scarcity of fodder and water is reported from some parts of Tippera and scarcity of water is reported from parts of Midnapore, Burdwan and Dinajpur. Cattle disease is reported from six districts.

Bihar and Orissa.—Light but fairly general rain fell over Bihar and Orissa. In Chota Nagpur it was scattered. Threshing of spring crops has almost been completed. Preparation of lands for the next season's crops continues. Sowing of paddy has commenced in some districts and that of jute is in progress. Newly planted sugarcane and vegetables are doing well. The price of common rice is slowly rising. The condition of cattle is on the whole good. The supply of fodder and water is generally sufficient. Agricultural prospects in the Feudatory States of Orissa are on the whole good.

United Provinces.—Light rain fell throughout the Provinces except in the Central Doab and Bundelkhand and in the Dehra Dun, Muzaffarnagar, Meerut, Budaun, Sultanpur, Cawnpore and Fatehpur districts. Rain is still wanted at Chakrata. Threshing, winnowing and harvesting of spring crops and weighments of opium have almost been completed. Harvesting of extra crops and sowing of autumn crops and cotton have commenced in places. Irrigation, hoeing and weeding of sugarcane continue. Standing and extra crops are doing well. In Mirzapur the number of persons on test works has fallen to 291, while that on canal and water works has risen to 9,400. In the Benares State the numbers on relief works have fallen to 2,258 and 314 persons are in receipt of gratuitous relief. Cattle disease still persists in Bundelkhand and in parts of Oudh, though in the former it is reported to be diminishing. Fodder and water are sufficient. Prices show a slight downward tendency.

Punjab.—Light rain fell in all districts. The condition of irrigated spring crops is average to good and of unirrigated crops fair. Spring crops are being harvested. The outturn of irrigated crops is average to good and of unirrigated crops below average. Sowings of extra spring crops and of sugarcane, cotton and fodder (autumn) crops are normal. Cattle are generally healthy but fodder is insufficient in places. Prices remain high.

North-West Frontier Province.—Slight rain fell during the week throughout the Province except Dera Ismail Khan. The weather is hot and at times cloudy. The condition of standing crops is generally good on irrigated lands and average on unirrigated areas. Sowings of extra spring and autumn crops continue. Harvesting of spring crops is proceeding and the outturn is expected to be normal. The condition of cattle is good. Fodder and water are generally sufficient. Prices are high but are falling in Peshawar and Bannu.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 9 to 16 and maize from 11 to 19 seers per rupee. The condition of standing crops is fair. Fodder is insufficient in some tahsils.

Kashmir.—It rained three times during the week. Sowing operations for autumn crops are in progress. Standing crops are in good condition. Cattle disease is reported in one village.

Rajputana.—The weather is hot. Slight showers fell during the week in the western tracts and in Bharatpur. Harvesting is nearing completion and has already been completed in some places. Land is being prepared for autumn crops in Mewar and Shahpura. Standing crops are in good condition and prospects are good. Cattle are in good condition. Fodder and water are sufficient. Prices are generally high and stationary.

Central India.—The weather is clear. The days are hot but the nights are cool. Harvesting of spring crops has been completed in all parts of Baghelkhand except Rewah. Land is being prepared for autumn sowings in Indore and Malwa. The

outturn of crops is good. Cattle disease prevails in parts of Gwalior, Bhopal, Baghelkhand, Bundelkhand, Malwa and Bhopawar. The fodder supply is sufficient. Prices are normal in Bhopal, above normal in Baghelkhand, fluctuating in parts of Indore and steady elsewhere.

Central Provinces.—The weather continues to be hot and sultry. Threshing and winnowing of spring crops are approaching completion. Ploughing of fields and construction of field embankments in rice districts continue. Water is inadequate in parts of Chhindwara, Wardha, Nagpur, Chanda, Akola and Buldana. Fodder is dear or scarce in six districts. Agricultural stock is generally in good condition. Prices of food grains remained fairly steady.

Feudatory States.—Preparation of land for sowing of autumn crops continues. Wheat in Sarangarh and gram in Korea rose by 2 seers per rupee.

Bombay.—Light showers fell during the week in parts of Kanara, Satara, the Karnatak, Kolhapur and Poona. Standing crops are doing well generally. Harvesting has almost been completed and threshing is progressing in places. Cotton picking is nearing completion. Preparation for autumn crops continues. The fodder supply is generally sufficient except in Sukkur, Hyderabad and Ahmednagar. Agricultural stock is generally in good condition except in Ahmednagar, where it is poor. Agricultural stock is deficient in Cutch. The drinking water-supply is adequate except in parts of West Khandesh, Ahmednagar, Sholapur and Bijapur. Prices are high but steady. The public health is generally good. Grain stocks are sufficient.

The weekly report on the famine and scarcity is as follows:—Distress is acute in six talukas. There is little wandering and no emaciation. Six kitchens and fifteen poor-houses continue to give relief. People on relief are generally in fair condition. The public health is generally good. Land revenue suspensions are being granted and *takavi* is being advanced freely for fodder and wells. The water-supply is failing everywhere. Measures for its improvement from Government and Local Board grants continue, but the improvement effected is sometimes small or temporary. Charitable funds are being utilised for the relief of weavers and for eight cattle kitchens. The numbers on gratuitous relief for the week ending the 10th May were:—Ahmednagar 15,319. Poona and Sholapur 857. Total 16,176.

Hyderabad.—Slight showers fell during the week in scattered tracts. The average for the Dominions is 5 cents. Lands are being prepared for monsoon sowings. Late rice is being harvested. The crop is fair to good. Measures to alleviate distress in the affected talukas of the Aurangabad and Bir districts continue. The total number of labourers employed during the week ending the 3rd May were 56,033. Fodder scarcity prevails in 27 talukas, water scarcity in 47 and cattle disease in 3. Prices:—wheat 6½, coarse rice 5½, and *juar* 10½ seers per rupee. White *juar* is selling at 12 seers per rupee in Hyderabad City. The highest price in districts is 7 seers in Karimnagar and the lowest 17 seers in Adilabad.

Mysore.—The rainfall was good in Mysore and slight elsewhere. Rain is wanted in parts of the State. Prices of food grains are generally steady and markets are well supplied. Prospects of the season are good. Cattle are healthy. Water and fodder are available.

Coorg.—The rainfall during the week was 1 inch 21 cents. Prices of food grains are high. Water and fodder for cattle are sufficient. The public health is fair.

Madras.—The rainfall was good in Sandur, Salem, Malabar, Cochin and the Nilgiris, nil in Madras, Tanjore and Tinnevely and light to fair elsewhere. Standing crops are fair to good. Harvesting of dry crops and paddy is proceeding or nearing completion. Harvesting of sugarcane is almost finished and the outturn is fair to normal. Sowings of dry crops, paddy and sugarcane are proceeding normally in parts. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are stationary.
